## *God's Guidance Won't Leave You Confused*

*"Your road led through the sea, your pathway through the mighty waters—a pathway no one knew was there!" Psalm 77:19 (NLT)*

*God can use impressions to speak to you. He can use circumstances. He can even use pain. He can use whatever He wants to use.*

*Oswald Chambers said, "God is the Great Engineer, creating circumstances to bring about moments in our lives of divine importance, leading us to divine appointments."*

*The Bible says God actively works through our circumstances. And so we cannot judge our situation apart from God's wisdom. In other words, we must leave it up to God to interpret our circumstances. Only He is capable of understanding all the facts, and only He sees the significance of every detail. That's why it is so important that we test it all by His Word.*

*If you feel overwhelmed or confused about a decision, you might be caught up in yourself and not God's voice. The Bible says, "God is not a God of disorder but of peace." 1 Corinthians 14:33, NIV) He is not the author of confusion. So if you're feeling confused, guess what? It's not God's voice speaking in your life.*

*So many times, we come up against enormous financial, spiritual, or physical barriers. That's when we need to confess, "God, there are mountains on either side and an impassable barrier in front of me." And then we wait for God to respond: "I've got you exactly where I want you to be. Watch this." God will make a pathway where there seems to be no way.*

*Psalm 77:19 (NLT) says, "Your road led through the sea, your pathway through the mighty waters—a pathway no one knew was there!"*

*When you don't know what to do, God will guide you. He didn't design you to go through life on your own ingenuity and power. You don't have to just hope you can figure things out. God wants to lead you on the right path, and He will when you surrender to Him and His guidance.*
